

Active RFID

Garage Door Control System

Model:

RD-747 Active RFID Garage Door Control

TX-800 Active Encryption RFID Remote Control

RD-747 Active RFID Garage Door Control and TX-800 Active Encryption RFID Remote Control are wireless sensors for automatic Iron Gate control system. You don't need to waste time to find key and it will automatically open the door or light and so on during effective sensor distance to save your time and power.

Feature

- ▶ It can automatically open garage door or light when you entry or out and it can save your time and power
- ▶ Long effective distance
- ▶ Low power consumption
- ▶ No need to waste time to find key

Application

- ▶ Automatic door sensor switching system
- ▶ Automatic door switch lights warning
- ▶ Automatic garage door light switch
- ▶ Fire sensors automatically switch system

Specification

- ▶ Frequency : 925~928MHz
- ▶ Distance : 150M (Straight-line distance under open space)
- ▶ Operating voltage: 95V~230V

RD-747感應式鐵捲門控制器與TX-800主動式加密感應遙控器

為自動感應無線控制鐵捲門系統，在有效的感應距離內，可自動遙控開啟車庫門或燈光等，不需再花時間找鑰匙，節省時間與電力。

特色

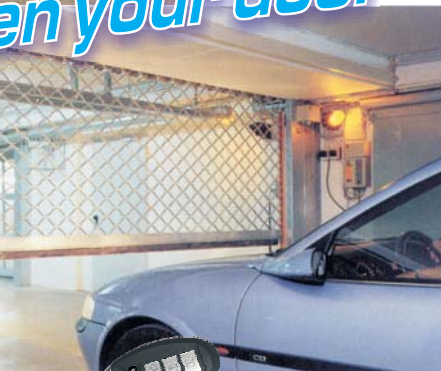

- ▶ 進出時可自動遙控開啟車庫門或燈光等，節省時間與動力
- ▶ 有效距離特長
- ▶ 低耗電
- ▶ 不需再花時間找鑰匙

應用

- ▶ 自動感應開關門系統
- ▶ 車庫門燈光自動開關
- ▶ 自動開關門系統
- ▶ 火災感應自動開關門系統

*High sensitively
to open your door*
